HINDENBURG'S LINE CRUSHED

Surprise Blow Dealt By British
—Ripped Famous Line On
Thirty-Two Mile Front

FAMOUS TANKS DID WORK

Victory is Greatest Since Beginning of War—Dozen Towns, Maze of Trenches and More Than 8,000 Men Are Seized.

Western Newspaper Union News Service. London.—With the biggest "bing!" of surprise that this war has seen, the British ripped a 32-mile gap into the Teuton spinal column in Northern France.

Under the eyes of General Pershing, they leaped "over the top" at dawn, smashed steadily ahead until dusk, rested up a bit during the night, surged forward again at dawn and were still going strong when darkness fell. A dozen towns, villages and hamlets, three formidably fortified woods, a ridge fortress, and a maze of trenches and dugouts have been captured and more than 8,000 prisoners seized. The Hindenburg line, that had become a taunt and challenge, is no more. Within a few days, when it has been consolidated and reconstructed by its captors, it will be known as the "Byng line," for the big smash was executed by the Third Army under General the Honorable Sir Julian Byng, English, Scottish, Irish and Welsh troops composed it.

The tanks won this two day's battle, the tanks tore the Hindenburg line to tatters; the tanks led the way of the British to within three miles of Cambrai, whose fall, now believed near, will mean the ultimate fall of Lille and St. Quentin and the subsequent clearing of Northern France of the invaders. Not a cannon shot was fired preparatory to Byng's "big push." That was the biggest surprise factor in the battle. In severe hand-to-hand fighting at Flesquieres British troops, preceded by tanks, stormed the town. The Germans fired on the tanks with seven big guns at short range. The British infantry charged the guns, captured them, and killed the crews. Three other big guns were captured in a similar manner at Premy Chappelle. British cavalry captured a battery at Rumilly, seizing the crew.

Maunlers, Marcoling, Ribecourt, Havincourt, Graincourt, Flesquieres, Anieux, La Vaquerie, Bananie, Neu Wood, Couilla Wood, Lateau Wood and the formidable Welsh Ridge were captured by the British. "The French opened a strong attack on the Germans on a six mile front north of the Aisne, according to the official report from German general headquarters. The Paris report says: "The French forces attacked in the region to the north of Craonne and Berry-au-Bac, on a front of about two-thirds of a mile and penetrated the German positions to an average depth of about 400 yards capturing strong defenses and taking 175 German prisoners."

The British were still using powerful forces against the Hindenburg line in the Cambrai sector, the statement added. "The Berlin War Office was forced to make some grave admission though it minimized the British success on the center, on the six mile front between the high roads from Teronne and Bapaume to Cambrai. But the news from the front shows that there, as everywhere else on the 30 mile line of attack, the British are forging ahead relentlessly and that the fate of Cambrai itself hangs in the balance. Andrew Bonar Law announced this evening in the House of Commons that 8,000 prisoners, including 180 officers, have been taken by the British in their present operations."

Trust Companies in Fine Condition.
The trust companies in Tennessee have resources of \$65,488,297.60, a gain of \$14,716,734.02, or 29 per cent over last year, according to the fifteenth annual edition of "Trust Companies of the United States," just published by the United States Mortgage and Trust Company of New York.

Officers Selected for Home Guard.
Edgar J. Graham of Centerville, Hickman county, will be the colonel of the new Fourth Tennessee Infantry, according to information given out by Adjt. Gen. A. G. Buckner. The other officers selected for the new state guard regiment will be David C. Chapman, Knoxville, lieutenant-colonel; C. S. Steward of Chattanooga, to be major, and Henry W. Spicer of Nashville, to be major.

Lights Shut Off at State Capitol.
In line with the plans of State Fuel Administrator W. E. Myer, Will T. Jones, superintendent of the state capitol, has set the pace in the fight for coal conservation by ordering the lights on the state capitol cut off.

Lieut. W. C. Mallory, stationed at Park Aviation field, Millington, with Dr. C. L. Hays, the county health physician at Tipton county, and the physicians at Munford, held consultations recently and mapped out plans to stamp out smallpox.

JOHN JENNINGS Jr.

Announces His Candidacy For The Republican Nomination For Chancellor In The Second Chancery Division

I hereby announce my candidacy for the Republican nomination for Chancellor, subject to the will of the voters in the primary election to be held in Campbell county and in the other counties of this division on Saturday, March 2, 1918.

The law of the land provides that the Chancellor shall be elected by the people. A republican nomination is equivalent to election, and therefore the only method whereby each and every Republican voter can have a voice in the choice of a candidate is by a primary election. The choice of a Chancellor is of as vital importance to the farmer, the business man and to the miner who lives many miles from the county seat, and who cannot attend mass conventions, as it is to the man who lives within easy access to the Court House. The office belongs to the people and they shall fill it. For these reasons I advocated and my friends secured a primary election. For the first time in the history of this Chancery Division, the nomination of a candidate for Chancellor has been referred to the people. I promise, if elected, a fair and faithful discharge of the duties of the office, and solicit the support of all the people.

Faithfully yours,
John Jennings Jr.
